Rev. H. W. Syle.

My dear Sir.

You should,  
in my judgement, make  
arrangements to take a vacation  
— a sea voyage preferably — of  
at least three months.

I know of no medicine which  
will substitute this rest, or  
that offers any hope of relieving  
you of your present symptoms, —  
much less of fitting you to  
continue your work effectively.

As to the time, I should say  
the sooner the better.

Yours Truly

James F. Stone M.D.
